

## Make the Leap.

**Leading from behind a camera with screens and technology to manage can be extremely challenging. Unless you really know what you're doing.**

The Virtual Excellence™ program gives facilitators practical strategies needed to make the leap from a traditional room to a virtual one. Using the principles of the Three Domains of Mastery™ – Own the Content, Manage the Room, and Animate the Experience – Virtual Excellence™ offers practical tips and techniques specific to the virtual environment.

Facilitators learn to manage various aspects of a virtual classroom including set-up, technology and on-line tools. Adapting proven techniques from radio d.j.'s and television hosts, they learn to maximize the effectiveness of their voice and body language.

Benefiting from exercises and real-time feedback, Virtual Excellence™ is customized to the needs of the individual.

Focused practice makes the complex tasks of a virtual delivery second nature. Facilitators *Shift* their energy to the participants, becoming more dynamic and engaging.

OFFERINGS	TYPICAL LENGTH	DELIVERY MODES
